

1. Advanced Foundation Engineering; Principles, Performance and Prospect. Link

Karakouzian, M. & Eslami, A., 2025 (Under Publication)"

2. Piezocone and Cone Penetration Test (CPTu and CPT) Applications in Foundation Engineering. Link

Eslami, A . Moshfeghi, S Molaabasi, H. Eslami, M., 2019"

3. Drilled Shafts: Construction Procedures and LRFD Design Methods, (Translated in Farsi), Naghoos Press

Eslami, A . et al., 2016.

4. Geotechnical Engineering: Design Application and Hazards. Amirkabir University Press, (In Farsi)

Eslami, A . and Sekhavatian, A., 2013.

5. Geotechnical Engineering: Principles, Investigations and Interpretations. Amirkabir University Press, (In Farsi)

Eslami, A . and Sekhavatian, A., 2013.

6. Mat Foundation: Analysis, Design & Performance. Guilan University Press, (In Farsi)

Eslami, A . Ranjbar, M. Riazi, T. and Veiskarami, M., 2006.

7. Axial Bearing Capacity of Piles. Ministry of Roads and Transportation deputy of education research and technology transportation research institute (In Farsi)

Eslami, A . Fakharian, K. , 2006.

8. Foundation Engineering: Design & Construction. Building and Housing Research Center, BHRC. No. B-437,4th Edition (In Farsi)

Eslami, A , 2006.
