TITLE	CITED BY	YEAR
Pile capacity by direct CPT and CPTu methods applied to 102 case histories A Eslami, BH Fellenius Canadian Geotechnical Journal 34 (6), 886-904	681	1997
Piles shaft capacity from CPT and CPTu data by polynomial neural networks and genetic algorithms H Ardalan, A Eslami, N Nariman-Zadeh Computers and Geotechnics 36 (4), 616-625	172	2009
Effects of freeze–thaw cycles on a fiber reinforced fine grained soil in relation to geotechnical parameters M Roustaei, A Eslami, M Ghazavi Cold Regions Science and Technology 120, 127-137	145	2015
Soil profile interpreted from CPTu data BH Fellenius, A Eslami Proceedings of Year 2000 Geotechnics Conference, Southeast Asian ...	136	2000
Geotechnical behaviour of clay soil mixed with rubber waste D Akbarimehr, A Eslami, E Aflaki Journal of Cleaner Production 271, 122632	115	2020
CPT and CPTu data for soil profile interpretation: review of methods and a proposed new approach AA ESLAMI, BH Fellenius IRANIAN JOURNAL OF SCIENCE AND TECHNOLOGY TRANSACTION B-ENGINEERING 28 (1 ...	95	2004
Piezocone and cone penetration test (CPTu and CPT) applications in foundation engineering A Eslami, S Moshfeghi, H Molaabasi, MM Eslami Butterworth-Heinemann	84	2019
Behavior of piles under different installation effects by physical modeling M Zarrabi, A Eslami International Journal of Geomechanics 16 (5), 04016014	74	2016
Bearing capacity of driven piles in sands from SPT-applied to 60 case histories N Shariatmadari, A Eslami, M Karimpour-Fard Iranian Journal of Science and Technology 32 (B2), 125	64	2008
Failure analysis of clay soil-rubber waste mixture as a sustainable construction material A Eslami, D Akbarimehr Construction and Building Materials 310, 125274	61	2021
Evaluating CPT and CPTu based pile bearing capacity estimation methods using Urmiyeh Lake Causeway piling records A Eslami, E Aflaki, B Hosseini Scientia Iranica 18 (5), 1009-1019	61	2011
Direct CPT and CPTu methods for determining bearing capacity of helical piles	60	2017

TITLE	CITED BY	YEAR
AMA Fateh, A Eslami, A Fahimifar Marine georesources & geotechnology 35 (2), 193-207		
Empirical methods for determining shaft bearing capacity of semi-deep foundations socketed in rocks S Rezazadeh, A Eslami Journal of Rock Mechanics and Geotechnical Engineering 9 (6), 1140-1151	59	2017
Analytical study of piles behavior for marine challenging substructures A Ebrahimipour, A Eslami Ocean Engineering 292, 116514	58	2024
Study on optimized piled-raft foundations (PRF) performance with connected and non-connected piles-three case histories A Eslami, M Veiskarami, MM Eslami International Journal of Civil Engineering 10 (2), 100-111	58	2012
Reliability based assessment of axial pile bearing capacity: static analysis, SPT and CPT-based methods S Heidarie Golafzani, R Jamshidi Chenari, A Eslami Georisk: Assessment and management of risk for Engineered Systems and ...	51	2020
Non-stationary realisation of CPT data: considering lithological and inherent heterogeneity R Jamshidi Chenari, H Kamyab Farahbakhsh, S Heidarie Golafzani, ... Georisk: Assessment and Management of Risk for Engineered Systems and ...	51	2018
Study on pile ultimate capacity criteria and CPT-based direct methods S Moshfeghi, A Eslami International Journal of Geotechnical Engineering 12 (1), 28-39	48	2018
Geotechnical site characterization of the Lake Urmia super-soft sediments using laboratory and CPTu records A Eslami, D Akbarimehr, E Aflaki, MM Hajitaheriha Marine Georesources & Geotechnology 38 (10), 1223-1234	46	2020
Postgrouted helical piles behavior through physical modeling by FCV J Khazaei, A Eslami Marine georesources & geotechnology 35 (4), 528-537	43	2017
End-bearing capacity of driven piles in sand using the stress characteristics method: analysis and implementation M Veiskarami, A Eslami, J Kumar Canadian geotechnical journal 48 (10), 1570-1586	43	2011
Toe bearing capacity of piles from cone penetration test (CPT) data A Eslami, BH Fellenius Proceedings of the international symposium on cone penetration testing, CPT ...	43	1995
Ground subsidence in plains around Tehran: site survey, records compilation and analysis A Pirouzi, A Eslami International Journal of Geo-Engineering 8 (1), 30	41	2017
Characterization of the correlation structure of residual CPT profiles in sand deposits AE Kenarsari, RJ Chenari, A Eslami International Journal of Civil Engineering 11 (1), 29-37	41	2013
Analysis of non-connected piled raft foundations (NCPRF) with cushion by finite element method. A Eslami, SS Malekshah Computational Methods in Civil Engineering 2 (2)	41	2011
